Parking map is attached -

Parking is \$4 per car if you park at TCC. You can carpool, or park somewhere else if you want to avoid the parking fee. Sometimes there won't be anyone there collecting the fee. That doesn't happen very often though.

I usually park on the Northwest side of TCC - near Lot C (on Granada). Go down the cement stairs to the blue doors at ice level.

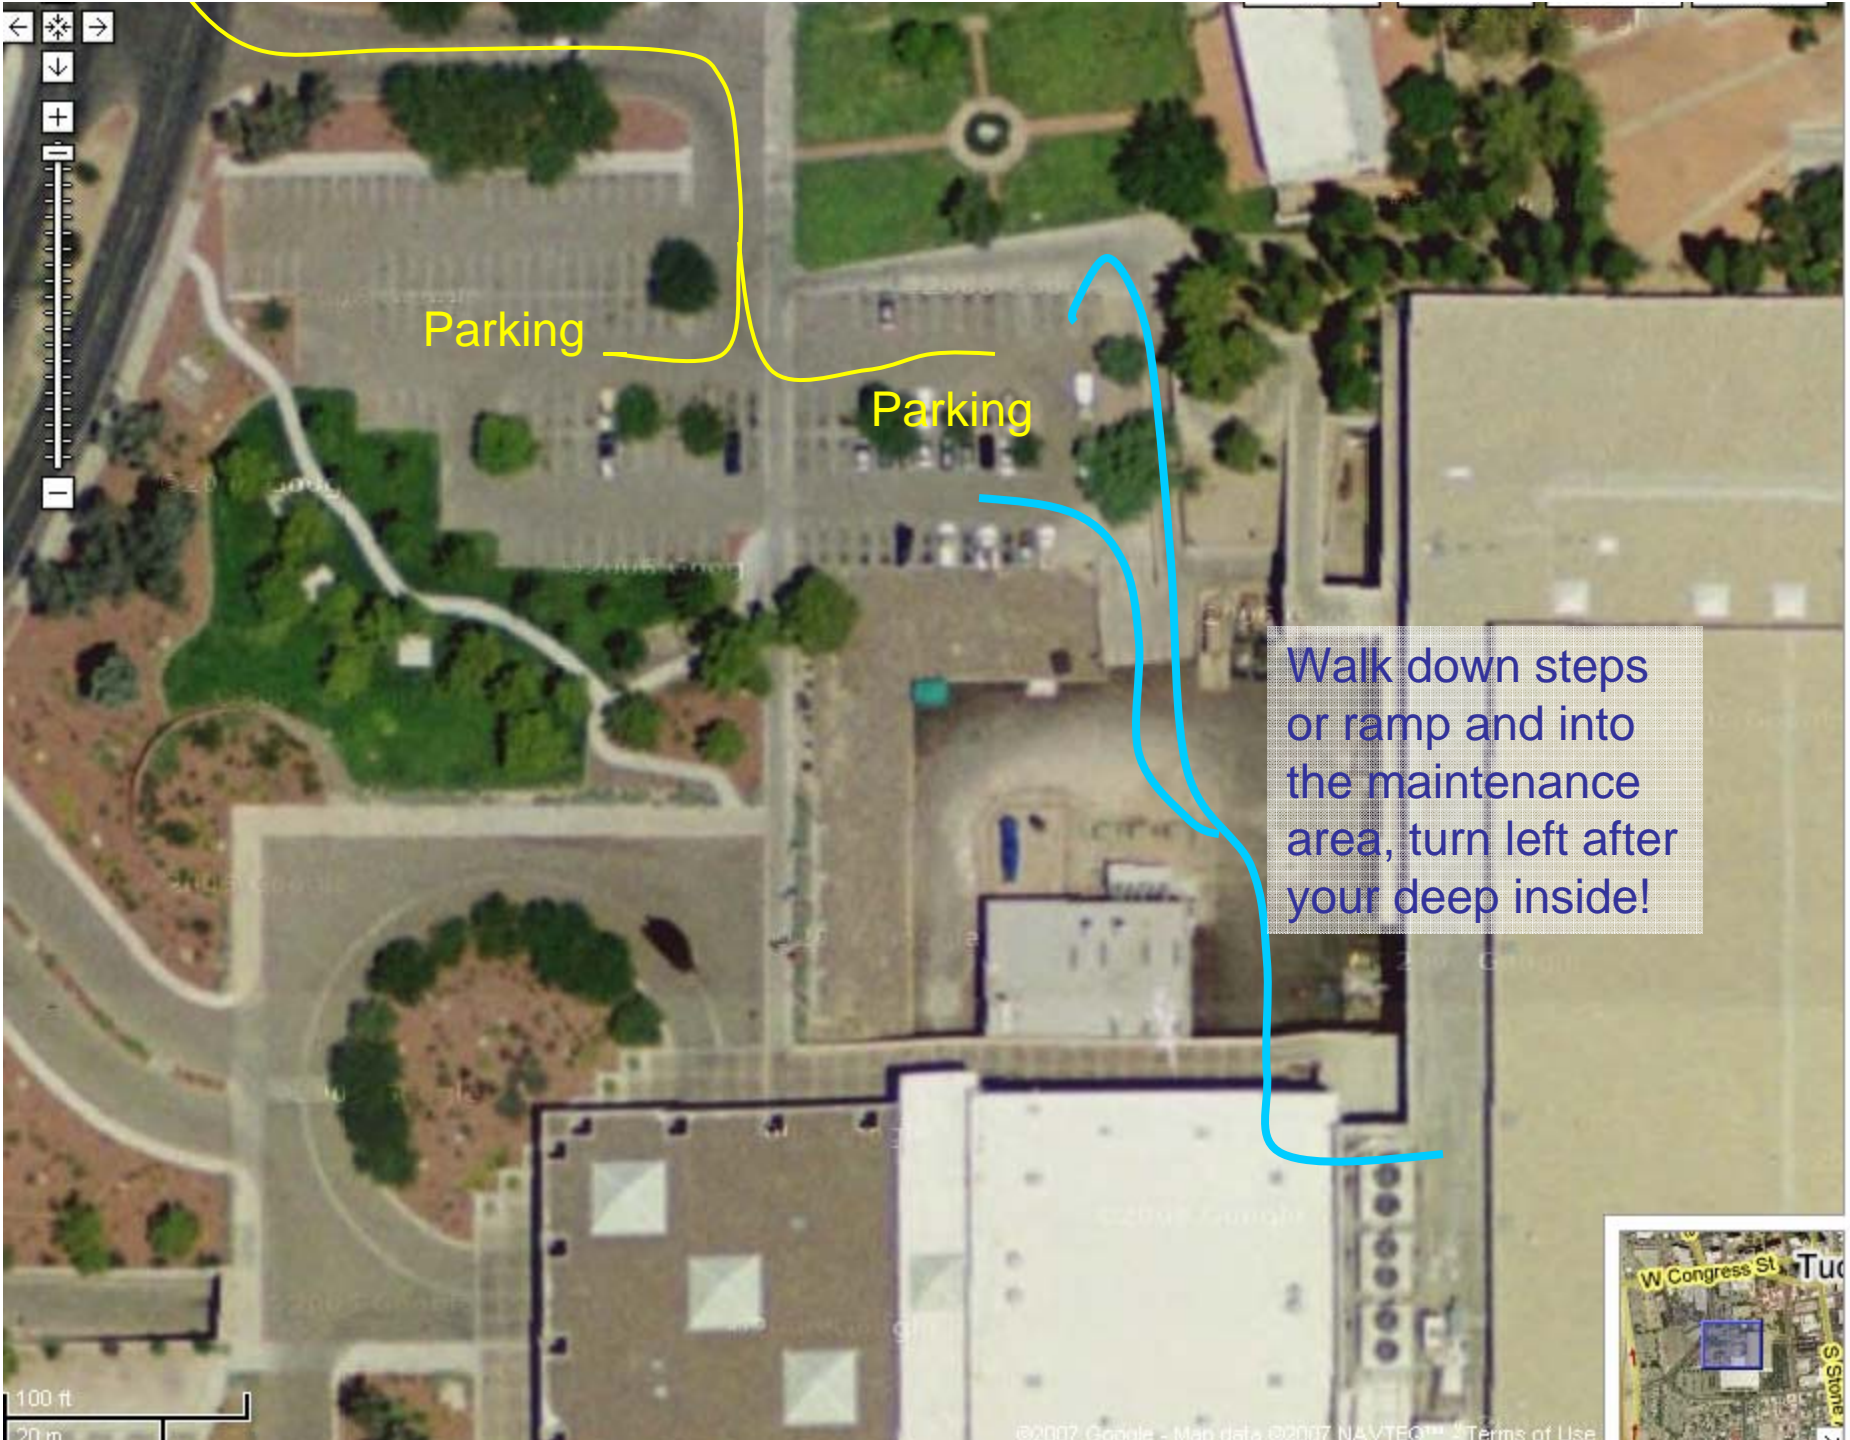

This entrance is under the seating where the bathrooms are. Plan to arrive a little early to get re acquainted with the area unless you already feel comfortable with getting around the building areas and parking.
